

The little city of Fayette, in Howard county, experienced its usual periodical excitement Sunday afternoon of last week. The occasion being the appearance of a mad dog, which before he could prevent, had bitten two of her citizens.

The contest between Thompson A. Eidson, the discoverer of the electric light, and Joseph W. Swan for the right to a patent for an electric high carbon for incandescent lamps has ended favorably for Eidson.

It is true that a generation has grown up since deep sea telegraph wire was first laid, but even those who have watched the successive steps in the development of ocean telegraphy may be surprised for a moment to learn that the submarine cables now in operation are large enough to form a coil which would go five times round the world.

At Jefferson City on the 4th of July they had a speech by Gen. D. H. McIntyre, a trade's procession, and a large crowd.

A heavy rain storm visited Nevada, Vernon county, Wednesday night of last week, accompanied by vivid lightning. The Presbyterian church was struck and damaged slightly. The Missouri, Kansas & Texas depot at Walker, six miles east of that city was struck and burned to the ground. Loss unknown. Several barns were struck in the country.

Roads are a most important factor in the civilization of any country. Missouri stands as deeply in need of such improvements as any state in the Union. As both parties are committed to the improvement of the highways, the people generally having taken up the cry for better roads, the state seems in a fair way now to secure the necessary improvements.

During a heavy storm Wednesday night of last week lightning struck houses belonging to Rev. W. H. Shaw and Rev. E. P. Davis at Marshall, Saline county, and a house occupied by Thomas Umbarger's family, south of the city, doing much damage. No one was seriously injured. W. S. Holmes, living near the city had six valuable horses killed by lightning. The animals were standing by a fence at the time.

Mrs. A. Hass, wife of A. Hass, one of the leading merchants of Marcelline, died very suddenly Thursday morning of last week. She arose in usual health and was preparing for a drive, when she sank to the floor and in a few minutes was a corpse. She was 45 years of age and leaves a husband and ten children. Mr. Hass removed from Sweet Springs, to Marcelline about three years ago. The remains will be taken to Indianapolis, Ind., for interment.

The secretary of state has received official assurance of Russia's acceptance of the president's invitation to participate in the international monetary conference. All the other European countries having taken similar action nothing now remains but the formal preparation for the conference. It is understood that these arrangements, including the place of meeting and the selection of the American delegates, will be completed by the president next week.

Owing to a report that the doctors were causing cholera patients to be buried alive, the lower classes of the city of Saratoff, Russia, arose Tuesday of last week, in revolt against the authorities and the doctors, wrecked and plundered the police station and cholera hospitals and the residences of the chief of police and physicians. Several patients were dragged out of one hospital to save them, as the ignorant mob thought, from being buried alive. The medical assistants were attacked and two of them were killed.

JOHNSON SIDES, an Indian interpreter of the Piute tribe, whose name was so frequently connected with the Bad Lands and the Messiah craze, appeared not long since before the board of pardons to plead the case of a young Indian who killed a white doctor in Elk county, Nebraska some years ago. He made a long statement of the case in good English and was asked by one of the board why the killing took place with such little ceremony. He drew himself up and deliberately replied: "For the same reason that your people used to kill witches." This piece of repartee took immediate effect and in a short time the prisoner was a free man.

Since that time 27 men have been murdered in that county, and none of the slayers have paid a more severe penalty than a few years in the penitentiary.

SUNDAY night of last week fire was discovered in the engine-house of E. G. Burklin's electric plant at Vandalia, Audrain county, and before the flames were extinguished the plant was destroyed. This is a sad blow to Vandalia, as her electric light plant was the pride of the town. It was fully insured. We learn that Mr. Burklin will commence to rebuild immediately.

I cheer, I help, I strengthen, I aid, I gladden the heart of man and maid, I set constipation's captive free, And all are better for taking me. Thus spoke one of Dr. Pierce's Pleasant Pellets. (They are pills that speak for themselves.) Very small, very nice to take, produce no nausea or griping, yet are most effectual in all cases of constipation, bilious or sick headache, or deranged liver. Only 25 cents a vial, at druggists. A perfect vest-pocket medicine.

At Tuscaloosa, Alabama, Friday of last week, Dr. Reuben M. Searcy, a prominent young physician, committed suicide by blowing out his brains with a pistol. He was a member of one of the leading families of the state. He recently held a professorship in the University of Virginia. The only reason known for his suicide is stated in the following note, which was found near the dead body: "When a man suffers from melancholy, as I do, life becomes a burden and it is time for him to go."

The Democratic judicial convention for the second judicial circuit met at Shelbyville, Tuesday of last week, to nominate a candidate for circuit judge. Dr. J. D. Smith of Shelby county was chosen permanent chairman and T. C. Tadlock of Schuyler county secretary. Judge Andrew Ellison of Adair county, present incumbent, was nominated by acclamation. A report was adopted sympathizing with the workmen at Homestead and denouncing Pinkertonism and the present Republican system of protection.

It is alleged that Senor Candelero Herez, judge of Lallehago, in the state of Zacatecas, Mexico, recently burned two suspected criminals to death while trying to obtain a confession from them through torture. The government has ordered an investigation of the horrible affair. It is said of the same judge that some time ago he adopted just as summary and unlawful measure with another criminal. This was the case of Domingo Corres, accused of highway robbery, who, instead of being placed under arrest, was ordered by Judge Herez to be shot to death while riding with his family.

Neighbor, see you not the signal In that loved one's cheek? Heed you not that constant hacking, While the form grows weak? O, delay not, or this dear one Soon death's own will be. You can save her by the use of Pierce's G. M. D.

In other words, get the "Golden Medical Discovery," and rescue this member of your family from consumption, which threatens her. It has saved thousands. According to the doctors it has wrought miracles, for it has cured those whom they pronounced incurable, except by a miracle. It is a truly wonderful remedy. For all bronchial, throat and lung diseases, weak lungs, spitting of blood and kindred ailments, it is a sovereign remedy.

With these conditions attached the senate voted to issue to the world's fair managers ten million souvenir half dollars.

The vote showed 117 democrats, 19 alliance and 9 republicans voting for and 94 democrats and 60 republicans voting against silver, with a number of pairs. After passing many private pension bills the house adjourned.

THURSDAY. WASHINGTON, July 15.—The senate devoted most of the day yesterday to the sundry civil appropriation bill and passed it before adjournment. The vote of Wednesday in committee of the whole on Mr. Pepper's amendment to prohibit the sale of intoxicating liquors within the grounds of the Columbian exposition at Chicago, was reversed, the vote upon its adoption being yeas 21, nays 29. Mr. Vest's substitute for Mr. Quay's Sunday closing amendment was laid on the table—34 to 17. Although late in the session a number of bills were introduced. The conference reports on the diplomatic and the naval bills were agreed to.

The house agreed to the conference reports on the legislative, the diplomatic and the naval bills. A resolution from the foreign affairs committee requesting the state department to investigate the imprisonment of Dr. Gallagher, an American citizen, in an English prison was adopted.
